Creative ideas and design solutions to refresh your space

DESIGN TREND

SHAPELY MIRRORS

Goodbye angular bathroom mirrors, hello soft and curvy designs.

Reminiscent of the shape of a pebble, these new mirrors from Ripples are all about asymmetry and flowing lines. An easy, almost instant way to update your space. Small organic mirror from £120, large from £140.

INNOVATION

PURE LUXE

Nothing beats a good soak under a powerful shower. Now it's possible to add the benefits of purified water thanks to the Rainshower Aqua Pure shower system from Grohe. The hand-held attachment includes a filter that removes chlorine to offer the purest water possible. Priced around £2,000.

STYLISH STORAGE

CONTAIN CLUTTER

Whether it's for your clean towels, dirty laundry or your mountains of toilet rolls, you can't beat an oversized basket for essential bathroom storage. We love the XL Pip basket, £125 from Claire Garner Interiors, which is handwoven from hogla seagrass in Bangladesh. The women who make the baskets are supported to work from home so that they're able to care for their families while earning money from producing artisan crafts.
